

## *Activity to Take Home and Try!*

### **Make a Windmill**

#### You will need:

Windmill template sheet  
Scissors  
Paper fasteners  
Small lump of blue tack and a pencil  
Kitchen roll tube

#### Try this:

Cut out the windmill template along the dotted lines.

Decorate both sides of your windmill!

Put the blue tack under the little circles and use a pencil to make a hole.

Fold all the holes into the centre and push the paper fastener through.

Make a hole in the top of the kitchen roll tube and attach your windmill.
